This is the story of

Dragon Mountain,

Phoenix Mountain

and a shining lake.

It begins thousands
of years ago, in China...

Long, long ago, a
dragon lived beside a
magic river.

A dark forest grew
on the other side of
the river.

Deep inside the forest
lived a phoenix.

Every day, the dragon
swam in the river.

Every day, the phoenix
flew in the sky above.

One day, they met on
an island in the river.

A shiny pebble lay
on the sand.

The dragon washed it
in the river.

The phoenix polished it
with a feather.

And the pebble became
a pearl.

The dragon and the
phoenix stayed on
the island...

...watching the pearl.

The pearl shone
brighter than stars...

...brighter than
the sun.

It was so bright, the
Queen of Heaven saw
it shine.

"I want that pearl!"
she said.

That night, she sent a
guard to steal it.

In the morning,
the pearl was gone.

The dragon looked in
the magic river.

The phoenix looked in
the dark forest.

No pearl there...

Then they saw it shining
in the sky.

They flew up to Heaven
and saw the Queen.

That pearl
is ours!

No, it's mine.

The
pearl
fell from
the sky...

It landed on the
ground and became
a shining lake.

We must
never leave it.

The dragon and the
phoenix lay beside it.

They are still there today.

The Dragon and the Phoenix

This story is based on *The Bright Pearl*, a folktale from China. In Chinese stories, dragons and phoenixes are often shown together. Chinese dragons have lots of magical powers and can even fly without wings.
